

Product guidance for people avoiding PEANUTS AND NUTS

About this list

This list contains Sainsbury's own brand products that are suitable for people avoiding peanuts and/or nuts. Our suppliers and product technologists have ensured that each product **does not** include peanuts or nuts or ingredients derived from peanuts or nuts in the recipe and the risk of contamination with peanuts or nuts has been effectively managed.

“Nuts” refers to the species of tree nuts defined as allergens under EU law and includes:

- almonds (*Amygdalus communis* L.)
- hazelnuts (*Corylus avellana*)
- walnuts (*Juglans regia*)
- cashews (*Anacardium occidentale*)
- pecan nuts (*Carya illinoensis* (Wangenh.) K. Koch)
- Brazil nuts (*Bertholletia excelsa*)
- pistachio nuts (*Pistacia vera*)
- macadamia nuts
- Queensland nuts (*Macadamia ternifolia*)

EU legislation does not yet consider pine nuts, coconuts or water chestnuts as allergens, and so their presence will not trigger a warning on the packaging. However, we do appreciate that some customers may be allergic to them, and we will always ensure that their presence is clearly stated in the ingredients list.

Using the list

This list **does not** include products from the **In Store Bakery**, the **service deli**, the **hot food counters**, **fresh meat** and **fresh fish counters**, Sainsbury's **café** or the **self-service salad bar**. This is because we advise people with allergies to avoid all of the products sold in these areas due to the potential risk of cross contamination caused by the open food handling.

Within the list, the products are divided by categories e.g. Fresh meal solutions, Dairy, Biscuits etc.

These categories are then divided into sub-categories. So in **Fresh meal solutions** you will find Classic meals, Inspired to Cook, Fresh Italian meals, Fresh Indian meals etc. Following each sub-category there is a four digit number in brackets, e.g. Fresh Italian meals (0015). This is the department code that is unique to the sub-category, this code may help the Sainsbury's colleague in store find the product for you.

The **first column** of the list contains some numbers, used internally by Sainsbury's, called **SKUs**. Each product has a unique SKU number and this may help the Sainsbury's colleague in store or on the customer service desk help you identify the product you are looking for.

The **second column** contains the **barcode** that appears on pack.

The **third column** is the product description. This is the name of the product that appears on the front of pack and it also includes the weight of the product.

How to identify the exact product from the list, when you're doing your shopping:

SKU

Sainsbury's sub-brands and abbreviations used in the list:

basics. This is a wide range of Sainsbury's quality food and non-food products at surprisingly low prices, helping budget conscious shoppers lower the cost of their weekly shop. Over 200 of our basics products cost 50p or less. The basics range conforms to our high standards of quality, health and integrity which is why basics foods are free from hydrogenated fats and artificial flavour enhancers.

Taste the difference (abbreviated in the list to Ttd). This is Sainsbury's premium offering of food & drink, giving customers a wide range of high quality, fantastic tasting products. Our teams take time, care & attention to ensure we source the best ingredients & recipes from around the world, to deliver an outstanding taste experience.

be good to yourself (abbreviated in the list to bgty). This is Sainsbury's healthier option range where we have developed great tasting everyday essential products which are better for you because we have controlled the levels of fat, saturated fat, sugar and salt without compromising on taste. All products will either be less than 3% fat or reduced fat (containing at least 30% less fat than the standard equivalent product).

freefrom. This is Sainsbury's brand of products that have all been specially made without wheat or gluten and most are also made without dairy. Products are suitable for coeliacs and people with a wheat allergy. Most are also suitable for people with milk allergy or lactose intolerance.

Sainsbury's SO Organic. This is Sainsbury's range of products where we have developed an organic alternative to most mainstream products. Products are made without the use of artificial fertilisers and limited use of pesticides. Farming practices aim to encourage wildlife and promote optimum soil health. Meat and animal derived products are from farms working to the highest standards of animal welfare. All products have been certified by an organic certification body such as the Soil Association, all whom conform to the standards laid down by the UK and EU government.

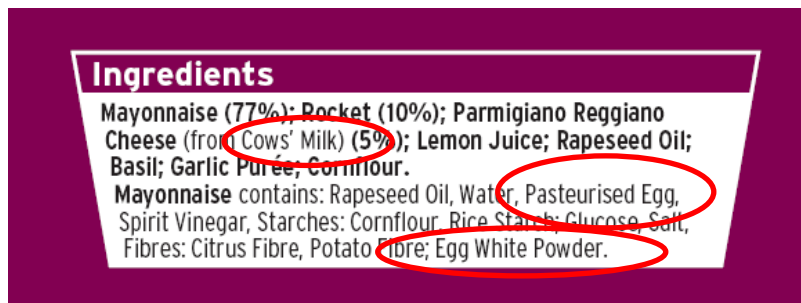

Kids. This is Sainsbury's range for kids, giving healthy choices that mums trust and children enjoy. The range is nutritionally balanced and designed especially for children between 4 and 8 years of age, making it a convenient and tasty way to eat healthily. Every product meets Sainsbury's strict standards on salt, sugar and saturated fat and is taste tested and approved by children.

How to read Sainsbury's labels

All pre-packed foods that contain an allergen in the recipe at any level name this allergen in the ingredients list. **So always check the ingredients list FIRST for any allergens.**

E.g. this product is not suitable for people avoiding egg or milk.

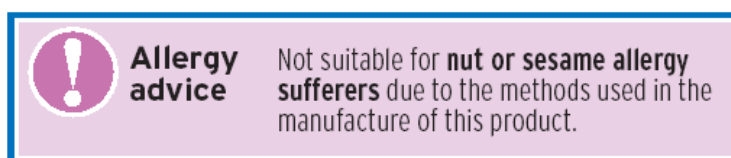

To make it easier for customers to quickly and easily spot allergens in the ingredients lists, it is Sainsbury's policy to have an additional box on the back of pack highlighting the presence of the major allergens listed in the EU labelling legislation. This box usually appears below the ingredients panel and is headed **Allergy Advice**. If the allergen is present in the recipe the text in the box states "**Contains**" followed by whichever of the following allergens are present: Peanuts, Nuts, Sesame, Shellfish, Fish, Milk, Egg, Celery, Mustard, Wheat Gluten, Rye Gluten, Barley Gluten, Oat Gluten, Spelt Gluten, Kamut Gluten, Soya, Sulphites, molluscs. The background to this box is pink (except when the label is black and white).

E.g. The allergy advice box below indicates that the product contains milk, wheat and barley in the recipe

Where the supplier and the Sainsbury's technologist agree that there is a real risk of a product having accidentally come into contact with allergens that are not in the recipe and that the risk cannot be managed and would put customers' safety at risk, the following warning phrase is used in the **Allergy Advice box**: **Not suitable for (name of allergen e.g. milk) allergy sufferers due to the methods used in the production of this product.** Where space on the label is very limited we sometimes have to use: **Not suitable for (name of the allergen e.g. milk) allergy sufferers.**

E.g. the allergy advice box below indicates that the product is at risk of being contaminated with nuts or sesame.

Please note that both statements above mean exactly the same; the only difference is the amount of space available on the label for the message.

February 2012

Common ingredients to avoid if you have a nut or peanut allergy

This list isn't exhaustive and there may still be other sources of nuts and peanuts you should avoid - always check the ingredients list and allergy advice box and consult your GP or medical advisor if in doubt.

almonds
hazelnuts (cob nuts)
walnuts
cashews
pecan nuts
Brazil nuts
pistachio nuts
macadamia nuts
Queensland nuts
Marzipan
Peanuts

Peanuts will always be labelled as "peanuts" in the ingredients list on Sainsbury's packaging and in the allergy advice box but other names for peanuts that you should look out for on branded products are:

Earth nut
Goober nuts
Goober peas
Groundnut
Mandalona nut
Manilla nut
Monkey nut
Pinda
Pinder

Sources of further information

If you have any queries about this list or the products contained in it please contact Sainsbury's Careline 0800 636 262.

If you would like more information about allergies and intolerances Sainsbury's would recommend either of the charities below:

The Anaphylaxis Campaign is a national charity launched in 1994 to raise awareness of severe allergies, particularly food allergy. The Campaign maintains a regular dialogue with the UK food industry, prominent medical figures and the Food Standards Agency. Newsletters, fact sheets and product alert bulletins are sent to the Campaign's 8,000 members, the majority being the parents of children with severe allergy. There is a telephone helpline and a website.

The Anaphylaxis Campaign
PO Box 275
Farnborough
Hampshire
GU14 6XS
Telephone: 01252 542029
Internet: www.anaphylaxis.org.uk
www.cateringforallergy.org.uk

Allergy UK is the leading medical charity for allergy and intolerance sufferers and we are here to help you. With over 80,000 people on our database we are very experienced in providing advice, information and support to those who suffer from any type of allergy or sensitivity.

Our interactive website www.allergyuk.org will provide you with everything you need to help you manage your food allergy or intolerance or if you prefer to speak to someone our helpline advisors on **01322 619898** will be delighted to talk you through any problems you may want to discuss.
